

PIXTON

The World's Best Way to
MAKE COMICS

**ICT TOOL
OF THE
WEEK**

<http://www.pixton.com/uk/>

Pixton is all about unleashing your creativity!

Students can create great, original looking comics online via the web. Kids can collaborate on the comics they're creating, use a wide range of styles and templates, use their own images that they've uploaded and then share their creations!

Great applications across all curriculum areas! Head to the link below to see examples created by students in specific curriculum areas!
